ICOMOS International Scientific Committee

About CIVVIH

Background

CIVVIH celebrated its 20th Anniversary during its April 2003 meeting in Eger, Hungary. It was on the 12th of December 1982, that the Executive Committee of ICOMOS decided on the foundation of an international scientific committee for the protection of historic towns, and also, that the headquarters of this committee should be in Hungary, in the historic town of Eger.

The committee was given as its first task to compile the charter on the protection of historic towns as soon as possible. The first meeting of the committee was held between 26-30 March 1984 in Ráckeve, not far from Budapest.

Partnerships with National Committees and affinity organizations:

CIVVIH acts as a network for professionals in our field and collaborates with all organisations that request collaboration including ICCROM, OWHC, ISOCARP and others. It has also cooperated with ICOMOS-IFLA to lead the HUL initiative.
